

# AZERBAIJAN STATE AGRICULTURAL UNIVERSITY

Name: Nargiz

Last name: Abbasova

Father's name: Tahir

Date of birth: 23.09.1985

Business phone: 115

Mob: 055 575 91 31

Email: senasema88@gmail.com

Faculty: Soil science and agrochemistry

Department: Agrochemistry

## EDUCATION, SCIENTIFIC DEGREES AND SCIENTIFIC NAMES

2007-graduated from the Faculty of Agronomy of ADAU with a degree in Agrochemistry and Soil Science

2014-graduated from ADAU with a master's degree in agrogeobotany

2018-was admitted to the doctoral program in Agrochemistry by correspondence. This is the last year of my dissertation on "Optimization of fertilizer norms under sunflower in Ganja Gazakh region"

## LABOR ACTIVITY

An assistant at ADAU since 2015

## RESEARCH AREA

Restoration of soil fertility and increase of crop productivity

## SCIENTIFIC WORKS

1. Influence of inorganic fertilizers application on *Helianthus annuus* yield indicators in the western part of Azerbaidzhan. BULLETIN OF SCIENCE AND PRACTICE Scientific journal. 2020.No9 5 page

2. Influence of mineral fertilizers on the removal of nutrients from the sunflower crop in the conditions of the western part of Azerbaijan.
3. International cooperation: experience, problems and prospects, collection of materials of the international scientific-practical conference on September 30. Kemerovo. 2020 .3 pages
4. Study of the nutrient requirements of the sunflower plant in gray-brown soils. Conference material. Department of Biological and Medical Sciences of ANAS Institute of Soil Science and Agrochemistry Proceedings of the Scientific-Practical Conference on "Ecology, reclamation and energy of soils" dedicated to the 110th anniversary of Ak.V.R.Volobuyev .2020 .2 p.
5. Analysis of nutrient supply of experimental soils  
Article. Scientific works of ADAU. 2019 №4 4 p.  
There are 4 more articles in print
