

AZERBAIJAN STATE AGRICULTURAL UNIVERSITY

Name: Amalia

Surname: Askerova

Father name: Latif

Date of birth: 13.05.1957

Workplace's phone: 055- 636 -24- 48

Mob: 055- 636 -24- 48

E-mail: amaliya_asgerova@rambler.ru

Faculty: Soil science and agrochemistry

Department: Soil Science

EDUCATION, SCIENTIFIC DEGREES AND SCIENTIFIC NAMES

In 1980 she graduated from the Faculty of Chemistry of the Azerbaijan State University (now Baku State University).

EMPLOYMENT

Since September 2020, she has been working as a senior lecturer at the Department of Soil Science of the Azerbaijan State Agrarian University.

2005-2020 Azerbaijan State Agrarian University, Senior Lecturer, Department of Soil Science and Agrochemistry;

2002-2005 Land analysis worker in "Land Committee" of Baku city (by contract);

1996-2002 Assistant at the Department of Soil Science and Agrochemistry, Azerbaijan State Agrarian University;

1992-1996 Chief Laboratory Assistant at the Department of Soil Science, Azerbaijan State Agrarian University;

1983-1992 Azerbaijan State Agrarian University, laboratory assistant at the Department of Soil Science and Geology;

1980-1983 Laboratory assistant at the Azerbaijan Scientific Research Institute of Plant Protection in Ganja;

1977-1980 Laboratory assistant at the All-Union Scientific Research and Design Institute for Natural Gas Processing and Transportation, Baku;

1975-1977 weaver in the sewing workshop No. 8 in Baku;

1974-1975 nanny in the orphanage No. 66 of the city of Baku;

RESEARCH AREA

Soil science

PARTICIPATION IN INTERNATIONAL SEMINARS, SYMPOSIUMS AND CONFERENCES

1. In 2005, the University of Trisdorf, German Society for Technical Cooperation participated in the seminar "Simple quick test for soil and plant research." Ganja, June 30, 2005.
2. Participated in the International Conference at ASAU, Ganja, 2010

SCIENTIFIC WORKS

1. Study of the main physical properties of typical gray-brown soils in the Ganja-Gazakh region in the Educational Experimental Farm (EEF) of the Azerbaijan State Agrarian University. Works of the Azerbaijan Society of Soil Scientists Baku, Science, 2016, pp.569-572 (Co-authors Dos.Huseynov A.M., Dos.Valiyeva A.M., S/L. Aliyeva S.F.)
2. The effect of the application of different fertilization systems on the gray-brown soils of the Ganja-Gazakh region on the amount of nutrients in the surface mass of grain crops, Azer. Soil Science Society, volume 14, Baku-2016, p. 565-569, (Co-authors Dos.Valiyeva A.M., Dos. Zeynalova A.N., S/L. Aliyeva S.F.)
3. Natural resources of Azerbaijan and their efficient use, program. Ganja, 2017, (Co-authors docent A.M.Huseynov, docent A.Valiyeva, docent A.N.Zeynalova)
4. Bioenergetic assessment of the effect of fertilizers, program, (Co-authors docent A.M.Huseynov, docent A.M.Valiyeva, docent N.V.Huseynov, docent A.N.Zeynalova)
5. Soil erosion and protection, program, Ganja, 2017, (Co-authors docent A.M.Huseynov, docent A.M.Valiyeva, docent N.V.Huseynov, docent A.N.Zeynalova)
6. Status and prospects of the use of agrochemicals in world agriculture, program, Ganja, 2016, (Co-authors docent A.M.Huseynov, docent A.M.Valiyeva)

7. Assoc. Prof. Mammadova Geoinformation systems in soil science and ecology, program, Ganja, 2017, (Co-authors Assoc. Prof. A.Valiyeva, Assoc. Prof. A.Zeynalova)
8. Modern problems of the specialty, program, Ganja, 2017, (Co-authors docent A.M.Huseynov, docent A.M.Valiyeva)
9. Fundamentals of Crop Production for the bachelor's degree "Agrarian Management" (module-1, Soil Science), program, Ganja, 2017, (Co-authors docent A.M.Huseynov, docent K.Y.Mammadova, docent A.Valiyeva)
10. Study of physical and mechanical properties of soils in the Educational and Experimental Farm of ASAU, Scientific Works of ASAU, Ganja 2017. № 3, pp.19-21, (Co-authors Dos.Valiyeva A.M., Dos. Zeynalova A.N., S/L. Aliyeva S.F., Mammadova T.R.)
11. Phosphorus balance in the gray-brown soils of the western region, Scientific Works of ASAU, Ganja 2017. № 3, pp.29-31 (Co-authors Dos.Valiyeva A.M., Dos. Zeynalova A.N. S/L. Aliyeva S.F., S/L. Mammadova T.R.)
12. The effect of the application of various fertilization systems on the gray-brown soils of the Ganja-Gazakh region on the transport of nutrients in grain crops, (Azerbaijan Agrarian Science, №2, 2018, pp.24-27, (Co-authors Prof. M.S.Huseynov, Dos.Valiyeva A.M.)
13. Study of fertility indicators in the lands of the Western region of Azerbaijan, Scientific Works of ASAU, Ganja, 2019, № 3, p.10-13, (Co-authors Dos. Valiyeva A.M., Dos. Zeynalova A.N., S/L. Aliyeva S.F.)
