

AZERBAIJAN STATE AGRICULTURAL UNIVERSITY

Name: Namik

Surname: Huseynov

Father name: Vizir oglu

Date of birth: 01/01/1964

Work Phone: 2669100

Mobile: (055) 656 56 70

Email: huseynov1964@mail.ru

Faculty: Soil Science and Agrochemistry

Department: Soil Science

EDUCATION, SCIENTIFIC DEGREES AND SCIENTIFIC NAMES

1. In 1991 he graduated from the Azerbaijan State Agricultural Institute (now the Azerbaijan State Agrarian University), faculty of agrochemistry and soil science.
2. In 2000 he defended his thesis on the topic "Nutritional balance of winter wheat in the conditions of the Mugan region" and received a Ph.D. in agricultural sciences, specializing in "Agrochemistry".
3. In 2012 he received the title of Associate Professor of the Department of Soil Science.

EMPLOYMENT

1. From 2020 to the present, Associate Professor of the Department of Soil Science, Azerbaijan State Agrarian University.
2. 2015-2020 Azerbaijan State Agrarian University, Associate Professor of the Department of Soil Science and Agrochemistry
3. In 1997, he became a senior lecturer at the Department of Soil Science and Agrochemistry of the Azerbaijan State Agrarian University.

4. 1995-2015 Azerbaijan State Agrarian University, Associate Professor of the Department of Soil Science and Agrochemistry

5. 1987-1989 Azerbaijan State Agrarian University, secretary of the Komsomol organization of the faculty.

6. 1980-1982 Collective farmer of the Kalinin collective farm.

Teaches:

1. At the undergraduate level - lectures and laboratory studies on the topic "Soil Science";

2. At the master's level - conducts lectures and laboratory classes on "Fundamentals of ecological agriculture", "Morphogenetic diagnostics of the lands of Azerbaijan";

3. He is the author of over 60 scientific papers, including 49 articles, 2 textbooks, 2 study guides, 11 programs.

RESEARCH AREA

The balance of nutrients in different types of soils of the republic

PARTICIPATION IN INTERNATIONAL SEMINARS, SYMPOSIA AND CONFERENCES

1. Problems "Training of agricultural specialists": the current situation, international experience and a new model of agricultural education. International conference, Ganja, 2009.

2. Problems of the development of education and science in the context of globalization. International conference, Ganja 2010.

3. Actual problems of biochemical theories. International conference, Ganja 2011.

4. International trends in the renewal and development of education. International conference, Ganja 2012.

5. Social protection and agriculture (celebration of World Food Day and International Year of the Earth). "Protection of soil fertility in the Republic of Azerbaijan". International conference, Baku 2015.

6. The role of interaction between honey bees and plants in ensuring environmental safety. International Scientific and Practical Conference, Kutaisi, 2016

7. The influence of environmental factors on the productivity and biochemical processes of cotton in Azerbaijan. International scientific-practical conference "Resource-saving technologies in agriculture" Yaroslavl 2017

8. Influence of fertilizers on the processes of humus formation under alfalfa International scientific and practical conference Yaroslavl 2018
9. Reproduction of fertility of unproductive soils International scientific and practical conference dedicated to the 100th anniversary of the birth of Professor A.F. Timofeev, Kirov, 2019
10. Eco-ethical problems of soils, plants and nutrients Elmi MPGU Faculty of Geography International conference Moscow 2020
